

# OUR PRAYERS FOR OUR COUNTRY

Rooted in the Truth of Oneness and this unwavering conviction, I acknowledge that One Divine Presence permeates the Universe, guiding the affairs of this country and beyond. This Presence who I call God directs the unfolding of Peace, Freedom, and Wholeness of all Life, of all Creation. Therefore, God is all there is.

I affirm that I am One with this Divine Presence that fills me completely, reaching the depths of my soul. And as I recognize this Truth within myself, I know this is true for all.

We hold within the perfect embodiment of Freedom, and Harmony which is alive in our nation, inspiring us to build a brighter future together. I affirm that Divine Love guides every step we take together, bringing us closer to unity, and understanding. I know that Spirit's infinite wisdom is unfolding perfectly in our lives, guiding our actions and decisions for the highest good of all.

With Joy, I also affirm that Peace is our true nature and that we are actively co-creating a world that works for everyone where harmony and compassion prevail - Always.

I am profoundly grateful for the beautiful awakening of consciousness unfolding in our country. For the courage and strength within us all to heal, grow, and create a new height of unity. Raising the awareness that connects us all to a brighter, more harmonious future.

I release this Word and knowingness into the Universal Law of Creation, knowing that it is already done. And so it is, Amen.
